HAPPY HALLOWEEN!!!

Lawn Maintenance:

As some of you already know, Willa, the woman that does the yard work, was diagnosed with cancer. There may be times when the yards are not mowed in a timely manner due to her illness. Some of you have already written notes. Thank you all so much for understanding.

Fire Alarms:

It is very important to remember to replace the batteries in the fire alarms.

Aaron Lane and Sue Lane residents:

Spears Pest Control will spray on November 2, 2006. This will be your only notice. Remember, if you have pets, it is your responsibility to constrain/cage them when a service is being provided. Your

cooperation in this matter is greatly appreciated.

Radio Road and Lake Square Court residents:

Spears Pest Control will spray on November 3, 2006.

We hope you find this newsletter helpful. If you have any questions or concerns, please feel free to contact the office.

Sincerely,

William L. Hendry
